Je mag plezier maken. Houd wel rekening met de andere bezoekers.

In Naturalis praat je zachtjes.

In de museumzalen van Naturalis mag je niet eten en drinken.

Je laat je jas en tas achter in een speciale kar die bij binnenkomst klaarstaat.

In Naturalis gooi je je afval in de prullenbak.

In Naturalis blijf je bij je begeleider.

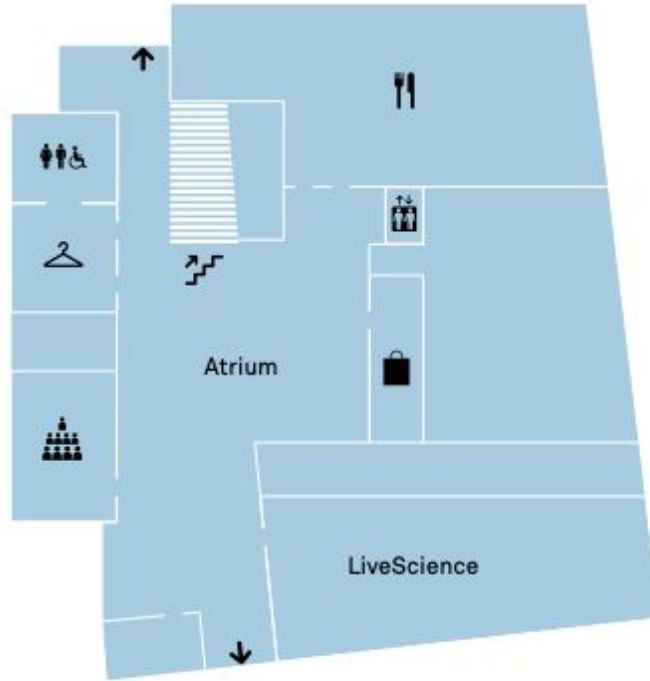

Je mag alleen in de lift als je begeleider of de medewerker van Naturalis het goed vindt.

The image shows the exterior of the Naturalis Biodiversity Center. On the left, there is a wall made of reddish-brown stone blocks with a white, wavy, textured band above it. To the right of this is a large glass facade with a dark frame. The glass reflects the sky and clouds. On the glass, the Naturalis logo is visible, consisting of a large white 'N' and two horizontal bars, followed by the text 'Naturalis Biodiversity Center' in white. Below the glass facade is a dark, curved entrance with glass doors. To the left of the entrance is a large window with a wooden frame. To the right of the entrance, there are more glass panels with colorful, nature-themed murals, including one of a peacock and another of a butterfly. The building is situated in an urban environment, with other buildings visible in the background.

Welkom

We are Naturalis Biodiversity Center, the national institute for biodiversity.

Our mission is to explore the wealth and beauty of the natural world. We have one of the largest natural history collections around the globe. Through all the knowledge and data that it provides, our scientists study life on Earth. Their studies contribute to solutions for major global issues involving climate, food supply, living environment, medicine and biodiversity preservation.

This work is more relevant than ever.
